

MBL Offers Comprehensive Document Imaging

Did you know that in addition to leading the credit union industry in Small Business Administration (SBA) lending services, MBL also offers comprehensive document imaging to its clients?

The MBL servicing department, in addition to working with SBA loans, also serves the needs of traditional and conventional loans for credit union clients. This includes a set of thorough and complete document imaging services that offer a wide variety of benefits for clients. These include:

- Audit readiness
- Reduced transfer of files
- Eco-friendliness
- Backup of images in case of disaster
- Annual portfolio reviews

Many credit union clients look to MBL for turnkey solutions with their SBA and traditional member business lending programs. For more information on how MBL can help your credit union with comprehensive document imaging, please contact MBL's Servicing team for assistance.
